

Horizon Europe Cluster 3 (2024 Work Programme)

Paving the way to participation

Friday 22.03.2024, online

09:15 – 13:00

On 27th June 2024, the 2024 Calls of *Cluster 3 Civil Security for Society* will open. For this reason, this online event aims at triggering the attention of potential applicants over the funding opportunities of Cluster 3 (already available [here](#)) and available tools for collaboration.

The online event will be held on the **22nd March 2024**.

Collaborative projects represent a key occasion for companies, researchers, SMEs, practitioners etc. to make great use of their innovative potential and to collaborate with international partners. While welcoming all stakeholders, the event is targeting SMEs and practitioners, as they are key in supporting innovation uptake of the project's results. The discussions will be divided into 2 Panels dedicated to successful innovators and practitioners, who successfully participated in Cluster 3 proposals.

The event is also designed to present the main priorities linked to the 2024 Work Programme and to give participants the chance to gather information on how to approach a Topic and build a consortium in Cluster 3 before the official Cluster 3 Info Days in June 2024.
